

**BHARAT FORGE PARTICIPATES AT 10<sup>TH</sup> INTERNATIONAL RAILWAY  
EQUIPMENT EXHIBITION**

**October 3-5, 2013: Pragati Maidan : New Delhi**

Bharat Forge Ltd participated in the recently concluded 10<sup>th</sup> edition of the International Railway Equipment Exhibition (IREE) 2013 held from October 3-5, 2013 at Pragati Maidan, New Delhi. The IREE was organized by Confederation of Indian Industry (CII) in association with the Ministry of Railways.

The event witnessed around 400 participants across the globe covering wide range of display comprising of Locomotive & rolling stocks, track laying systems, Train control systems to name few.

Bharat Forge has been supplying to all major railway networks across the world including in the US and Europe with its advanced manufacturing. Bharat Forge supplies critical engine components such as large crankshafts and connecting rods to the railway industry, globally and is the only Crankshaft Manufacturer in India to the Industrial Sector.

We are happy that we have been able to support the Indian Railways to localize technological critical components like crankshafts, etc. Bharat Forge very proudly showcased it's Made-in-India world class railway components such as Forged and Machined Crankshafts, Connecting Rods, Forged Portal Axle, Machined Locomotive Axle, Turbo Impeller, Gear Blanks, Piston, Switch Roller devices at the booth.
